## FRENCH HAVE REACHED ST. QUENTIN OUTSKIRTS

The French Have Reached St. Quentin and the Indications Are that City Will Soon Be in Their Possession—Germany Has Labor Troubles in Great Ship Building Plant—The French Gain on French Front, While Germany Gains Against the Russians.

(By Associated Press.)  
Paris, April 4.—French patrols last night reached the southwestern outskirts of St. Quentin. It was officially announced. Fighting continued south of the Ailette river. The French gained east and west of the Somme.

Germany Has Labor Troubles.  
Copenhagen, April 4.—The Berlin Tagblatt says labor difficulties have broken out in the big Vulcan ship building works at Hamburg, the workmen demanding a third increase in wages. The Vulcan works built most of Germany's great ocean liners.

Germans Gain on Russian Front.  
Petrograd, April 4.—The Germans have forced the crossing of the Stokod in Volhynia after pressing back the Russians it is officially stated.

(By Associated Press.)  
German Officers Interned.  
London, April 4.—A large German balloon has landed near Glimbrisham, a Swedish town on the Baltic, being driven out of its course to the eastern front, according to a Stockholm dispatch. The four German officers in the balloon have been interned.

## TWO DOLLAR WHEAT IN CHICAGO MARKET

(By Associated Press.)  
Chicago, Ill., April 4.—Wheat sold at two dollars today, the highest price ever paid here on a normal market.

## WHITLOCK HAS REACHED BERNE

(By Associated Press.)  
Berne, April 4.—Brand Whitlock, United States minister to Belgium, arrived here last night looking worn and weary as a result of the tremendous strain under which he has been working.

## AGGIES WON FROM DANIEL BAKER 16 TO 2

Terrific hitting on the part of the Aggies and errors by Daniel Baker resulted in the defeat of the latter ball team at College Monday afternoon. The score was 16 to 2. A. and M. garnered 12 hits off Reagan, one home run, three three-baggers and two two-baggers. Anderson for Daniel Baker also knocked one for the circuit. Sprague of Houston pitching for A. and M. was effective, allowing but four hits and walking but one man. The same teams play tomorrow and Wednesday, and Thursday A. and M. meets T. C. U.

Score—R H E  
A. and M. ... 200 424 04—16 12 1  
Daniel and Baker ... 000 100 001—2 4 11  
Batteries—A. and M., Sprague and Ellis; Daniel Baker, Reagan and Case.  
Umpire—Sheridan of Houston.

### ANNOUNCEMENT.

As soon as the present supply of six-column print paper has been used, the Daily and Weekly Eagle will appear as a standard seven-column paper. This and other improvements will be made as rapidly as arrangements can be perfected.

With additional daily Associated Press reports of the world's news, the Eagle will more nearly approach the caliber of newspaper Bryan deserves.

GENERAL MANAGER.

## AN ARMED AMERICAN SHIP SENT DOWN

Paris, April 3.—The American steamer Aztec has been sunk by a submarine near an island off Brest. Some of the crew were rescued and are being brought into Brest. A number of the men are missing and little hope is held that they can be saved, as the steamer was torpedoed at night while a heavy sea was running. William Grave Sharp, the American ambassador was informed this afternoon by the French government of the torpedoing of the Aztec and immediately cabled the state department. Representatives of the American government will proceed to Brest and take the depositions of the survivors of the disaster.

Thirty-nine Americans Aboard  
New York, April 3.—The American steamship Aztec owned by the Oriental Navigation company, the first armed ship to sail from an American port, was sunk Sunday by a German submarine, according to advices received here Monday night by the company from the United States consul at Brest, France.

The cable message gave no information as to the fate of the crew. There were thirty-nine men aboard the vessel, all of them Americans.

Cargo Worth \$5,000,000  
The Oriental Navigation company, owner of the Aztec also own the Orleans, one of the first American vessels to run successfully Germany's submarine blockade. The Aztec carried a full cargo of foodstuffs and general supplies, valued at more than \$5,000,000.

The Aztec was armed with two 5-inch guns, one forward and one aft. The crew of naval gunners on board was in command of a warrant officer.

The Aztec, formerly owned by the Pacific Mail Steamship company, was a ship of 3,727 tons gross and 2,345 tons net. She was built in Newcastle, England, in 1894. She was 350 feet long, with a beam of 43 feet.

Twenty-eight Missing.  
Washington April 3.—A dispatch from Ambassador Sharp says nineteen survivors from the Aztec were landed yesterday at Brest and twenty-eight persons are still missing and their rescue doubtful, because of a heavy sea and storm.

Did Not See Submarine  
New York, April 3.—The fact that the Aztec, the first armed American merchant vessel to fall a victim of submarines was torpedoed without warning at night during a heavy sea, causes the belief she failed to see the submarine and did not have an opportunity to use her guns. Eleven of the crew are still missing.

WANTED—Ambitious young man of good address for newspaper collection work. Position will pay \$6 per week for first six months, then steady increase to right party. Work is easy, but necessitates thought, application and some diplomacy. If you mean business and are interested, address Business Manager Daily Eagle, Bryan, Texas.

## FERGUSON USES HIS VETO AXE

(By Associated Press.)  
Austin, April 3.—Governor Ferguson vetoes the free pass bill, the "bone dry" resolution, the ten thousand dollar appropriation for an education survey of the state, and the Hamlin Independent school district bill.

## WAR RESOLUTION NOT ACTED UPON TODAY

(By Associated Press.)  
Washington, April 3.—Ex-President Theodore Roosevelt stopped off here today on his way home from Florida and called on President Wilson to congratulate him on his address to congress.  
Soon after the senate adjourned the house also adjourned. The house meets at noon tomorrow and the senate at ten.

There is much uncertainty as to what use the National Guard will be put, under the new plans.

No information is forth coming on this point. The guard forms the great reserve from which officers for new federal force could be drawn. With more than sixty thousand guardsmen now on police duty, however, and large numbers assigned to this work, under federal direction, each day, it was suggested that full strength of state forces must be required for port protection and property within the United States.

There is reason to believe the administration is looking ahead for a year or more in planning for actual participation by American troops on European battle fields.

When Senator La Follette asked that under rules resolution go over until tomorrow Senator Hitchcock told him that if the absence of printed copies was the basis for his objection he could furnish them in five minutes.

"I object under rules," answered La Follette.  
Senator Martin, majority leader, angrily faced La Follette, saying, "Of course it is within the power of the senator to carry this over but he has too much experience to make it necessary for me to tell him his attitude in a matter of such tremendous importance."

La Follette broke in with a protest against "being lectured" by Martin. I had no idea of lecturing the senator," Martin retorted, "but I have a right to call attention of the senate and senators to the momentous consequences of this resolution."

"It's quite unnecessary," La Follette interjected. "I think I realize it as fully as the senator from Virginia does. I ask regular order."

La Follette then insisted that the vice president sustain and announce the rule against further comment.

After objection had been made to immediate consideration of resolution the vice president called for other bills and resolutions and Senator Martin precipitated adjournment.

"I desire to say right here," Martin announced, "that no other business shall be proceeded with until this matter is settled. I move the senate adjourn until ten tomorrow."

The galleries greeted this announcement with waves of hand and clapping, which was suppressed. Senate then adjourned.

Senators of Democratic steering committee decided this afternoon to hold continuous sessions beginning at ten o'clock tomorrow to put war resolution through.

The first class of the United States military academy at West Point will be graduated late this month, instead of in June, secretary Baker announced.

## CLOSELY GUARDING RAILWAY BRIDGES

Fort Worth, Texas, April 2.—The railroads of Texas have taken every precaution to protect the safety of the public, now having all bridges, water tanks and other equipment by both soldiers and private detectives.

This has been made necessary by the fact that within the past week attempts have been made to burn bridges at various points in the State and in some instances were set on fire before the guards were placed along the lines to watch every bridge. It will be remembered last May similar precautions were taken by the railroads but not on such an extensive scale as now.

While the matter is being kept quiet it is understood that one man has been caught in an attempt to burn one bridge and was taken into custody by the secret service men.

The call for recruiting to war strength of the various National Guard units is meeting with a hearty response. More than fifteen Ft. Worth young men Sunday answered the call to the colors.

### SPANISH PEANUTS.

I have a large supply for planting Sound and well picked. J. E. Covey. d70w29

## OIL MILL ADDS PEANUT CRUSHER

The peanut industry, which is just being developed and which is proving to be one of the most profitable crops that can be grown, will no doubt receive a large impetus in Brazos county. This increased peanut farming will be due to two things—one, a sufficient number of threshers have been ordered to harvest the crop of the county, and the other, the Bryan oil mill has added complete peanut crushing machinery. The mill has not only added this machinery, but will establish a regular and staple market for peanuts the same as for cotton seed. This new enterprise on the part of the mill insures this industry for Brazos county and opens to the farms another and easy avenue for ready cash. With reference to growing peanuts, Mr. J. Webb Howell, manager of the mill, says:

"On account of record breaking prices for all fats, peanuts will command a good price this year. Brazos county lands are well adapted to the raising of peanuts and they should prove as profitable as 20-cent cotton. This crop is a sure one, while the making of cotton depends largely on the boll weevil. Already there are several threshers in the county and more will be brought in if needed. Farmers who raised peanuts last year claim they were the most profitable crop grown and all will increase their acreage this year."

### MAIL BOXES SOON.

Assistant Postmaster Cloud informed the Eagle editor today that a bill of lading had been received for the thirteen mail boxes that are to be put up in different parts of the city where letters may be posted. These boxes will not only be placed on Main street for the convenience of the business men, but in the residence districts for the convenience of the public generally. One, Mr. Cloud says, will be placed at the H. & T. C. depot and the mail from this box will be taken up by the mail clerk on the train. These boxes, and especially the one at the station, will be a great convenience for the people of the city. Gradually we are coming into city ways.

## FREE BAPTIST S. S. INSTITUTE

Two Days Session Held at Edge. Interesting Discussion of Many Subjects.

The Brazos County Free Baptist Sunday School Institute met with the church at Edge, Friday and Saturday March 30th and 31st.

Owing to sickness in the neighborhood the attendance was not as large as expected. There were thirty-four representatives of the different schools in the county. It was a splendid institute in point of instruction along modern methods of Sunday School work. Each paper presented brought out general discussion from the workers present.

Rev. Daly of Weatherford, Colporteur for the Northwestern Convention of Free Baptists was present. The institute was considerably strengthened by the presence of Prof. Bethman and County Demonstrator Beason of Bryan. Their addresses were timely and were well received by all present.

The following officers were elected for the ensuing year: Rev. N. C. Newson, Kurten, president; J. K. Henry, Edge, vice-president; Miss A. K. Lawrence, Kurten, secretary; Miss Grace Gandy, Wellborn, treasurer.

The next session will be held at Kurten commencing on Friday before the second Sunday in July.

### DOWLING 13, SHILOH 6

Having played two games of basketball, each team winning a game, and not being satisfied with the result, the Dowling and Shiloh players met again last Tuesday to play the final and deciding game.

The game was fast and both teams played good ball, but when time was called, Dowling was declared victorious by the above stated score.

## U. S. SENATE SAYS THAT STATE OF WAR EXISTS

Vote of Senate on Administration Resolution Declaring a State of War Exists Between United States and Germany Was Overwhelming—LaFollette Opposed—House Considering Resolution and Will Pass Same at Once.

## TWO STATE CAPITALS WERE VOTED DRY

Prohibition Had Big Inning and Springfield and Madison Went Into Dry Column.

(By Associated Press.)  
Chicago, April 4.—Springfield, Ill., and Madison, Wis., two state capitals were voted dry yesterday. Twenty-one other small towns were voted dry in Illinois. Eleven were granted license.

## PRO AMENDMENTS OFFERED MONDAY

Washington, April 3.—Constitutional amendments for prohibition were introduced in House and Senate by Representative Randall of California and Senator Sheppard of Texas.

It was announced that in view of the international situation they would not be pressed at the special session.

BUYS GRIST MILL.  
I have bought the Sam Jones grist mill, at Harvey, and will start grinding next Saturday. Your patronage will be appreciated.  
J. H. MOOREHEAD.

### MRS. SUSAN LA SALLE DEAD

An Aged and Well Beloved Lady Entered Into Rest.

Mrs. Susan La Salle, one of Bryan's old and highly respected ladies died Tuesday afternoon at 3:40 at the home of Mrs. George Pletzer in the eastern part of the city.

Mrs. La Salle was 71 years and 11 months of age and had made her home with Mrs. Pletzer, her sister-in-law for some time. She was ill but a very short time and her death was ascribed to an attack of heart failure.

She is survived by four sons and two daughters, and the bereaved relations have the deep sympathy of all in their great sorrow.

The funeral was held from the home of Mrs. Pletzer this afternoon at 2 o'clock with interment following at Wixon church cemetery, Rev. J. M. Billock of this city conducting the funeral services.

## TERRIBLE TRAGEDY IN CALIFORNIA

(By Associated Press.)  
Hanford, Calif., April 4.—L. P. Denny, a business man, shot and killed justice of the peace George Meadows, E. T. Cooper, an attorney, and a third man named Wiley in Judge Meadows' court here today. Denny was shot dead in the street later by constable W. J. Hinds.

### W. N. Heslip Dead.

Caldwell, Texas, April 5.—W. N. Heslip died Wednesday morning at the family residence. He was 82 years of age. He was justice of this precinct for a number of terms, holding the office until the last election. Prior to that he had been county clerk, holding a record of twenty years continuous service in that capacity. He is survived by his widow and six children.

### Demonstration in Terracing.

Saturday morning at 9 o'clock, J. C. Oleson, terracing expert at A. & M. College, and County Agent Beason will conduct a demonstration in terracing with tractors on the farm of Andrew J. Tabor, east of College, on the road leading to Rock Prairie school. All farmers in that community interested in the prevention of soil erosion are invited to see this work in progress.

The house took up the resolution as passed by the Senate at 10 o'clock this (Thursday) morning and at the hour of going to press, 2 p. m., it was still under discussion. There is no question but what it will be passed this afternoon or tonight as there is to be no adjournment until action is taken. When adopted by the house, a state of war will actually be in existence between the United States and Germany and news of the gravest character may be expected.

Senate Takes Action.  
(By Associated Press.)  
Washington, April 5.—The resolution declaring that a state of war exists between the United States and Germany was passed in the senate last night by an overwhelming majority.

Senator La Follette made a lengthy speech against the passage of the resolution. Among other things, he said: "We have wallowed in the mire at the feet of Great Britain and submitted in silence to her dictation. Because we acquiesced we have a legal and moral responsibility to Germany. Thus we have been actively aiding her enemy in starving German women, children and old men. Germany waits three long months for this government to protest. In principle, therefore, Germany had the right to blindly destroy ships, by submarines and mines, in her blockade zone. Germany is only doing what England is doing. "Germany has been patient with us, standing strictly on her rights to be accorded the same treatment as England by us."

Williams Scored La Follette.  
When Senator La Follette concluded he had been speaking more than three hours. Senator Williams of Mississippi arose immediately to reply.

"The speech of the Wisconsin senator would better have become Herr Von Bethmann-Hollweg than an American senator," said Senator Williams. "In fact he has gone further than Herr Von Bethmann-Hollweg would have gone. Von Bethmann-Hollweg said the use of the submarine could be justified only on the ground of necessity; the senator from Wisconsin puts it on the same footing as Great Britain's interference with our commerce."

"I fully expected the senator from Wisconsin before he took his seat to defend the invasion of Belgium, the most barbarous act ever committed. I heard from him a speech that was pro-German, pro-Goth, pro-vandal and which was anti-president, anti-congress and anti-American."

"While pronouncing an eulogy on the German people he might have eulogized a very much greater, better and more intelligent people—the American. His speech was exactly what might have been delivered in the German reichstag by Bethmann-Hollweg, if Bethmann-Hollweg had had the audacity. But Bethmann-Hollweg had too much sense, too much knowledge to make that speech."

At this point Senator La Follette left the chamber, but remained in the cloak room a while within hearing distance.

## GERMAN SUBMARINE REPORTED SUNK

(By Associated Press.)  
St. Johns, Neb., April 4.—A British steamer arriving today reports the sinking of a German submarine off Queenstown.

## CONSTITUTIONAL CONVENTION VETOED

(By Associated Press.)  
Austin, Texas, April 4.—Governor Ferguson today vetoed the McNeal constitutional convention resolution.

Subscription Price \$1.00 Per Annum.

### FIGHTING WITH THE HOE.

A hungry man can't fight. The call of his stomach takes all the starch out of his patriotism. It takes his mind off his business and he is thinking more about biscuits than about bullets.

Ergo, the man with the hoe is a paramount factor in time of war. He is just as important as the general at the front, the aviator in the sky, the captain on the bridge of a battleship, or the man with his eye glued to the lookout in a periscope.

Preparedness for making every acre produce every possible ounce of food is just as important as mobilizing great armies, as building battleships and running the munitions plants under full head of steam day and night.

Let us not overlook the commissary department, for you cannot lick a well-fed army. The Philadelphia Record, discussing this subject, says: "The right to live is fundamental. When that right is imperiled by enforced hunger and starvation, the control of man's reasoning faculties is temporarily assumed by the digestive organs. To get food becomes the imperative motive of action. The starving soldiers at Petrograd would not shoot at the starving mobs of revolutionists. The dynasty responsible for the food shortage, unable to cope with the situation, gave up the ghost."

"Every day it is more and more apparent that the ghastly war in Europe will be brought to an end by the pressure upon all of the belligerents of the shortage of food supply. The most effective preparation for either war or peace is to use every means at hand—governmental, corporate or individual—to bring about an increase of the food supply. We must dig our safety out of the ground."

"We need soldiers, and ships, and fighting munitions to carry on an offensive or defensive war; but the fighters at the front, as well as all

other men, women and children, not engaged in direct warfare, must be meantime clothed and fed. It is up to our farmers to furnish the food. One of the great mistakes of the warring nations in Europe has been in not taking the necessary precautionary steps to insure an adequate food supply. They are now reaping the fatal consequences. So far as may be possible a like mistake should be avoided by the people of the United States. A man working his best on his farm is fighting for his country with no less push and potentiality than the man at the battle front. He bears an equal part in tumbling down dynasties and establishing freedom throughout the world."

### FROM MEAT TO VEGETABLES.

We were just ruminating on the idea that prevailing high prices are changing the present from a carnivorous to an herbivorous age—how a nation of meat eaters is fast becoming a nation of vegetarians. And while thus ruminating here comes the Houston Post with the following comment on the universality with which the people are growing gardens:

"All over the country they are talking garden, garden, garden! The air is full of it. The newspapers are full of it! And in Colorado and Kansas and Georgia and a few of the other states where nothing else is obtainable, the men are full of it. "And when you come to think of it, this gardening craze is worth a good deal of attention."

"Up in Chicago last year they proved in the school gardens that a plot of ground ten feet square, thoroughly cultivated under the best possible conditions, would furnish all the vegetables needed for a family of five!"

"But down here in Texas where land is plentiful we think of a garden as nothing less than a half acre of ground. Usually the man with less than an acre in his garden plot is looked on with pity. And yet there is not a man in the state who can look after even a half acre properly in the spare time from his office or shop. And if he will but take care of a quarter acre, it will take all his wife's relatives to help consume the products."

"For there is money in gardening in Texas this year. Every thing that

grows—including a good many weeds—is worth more money than it ever was before. And the man who has a garden is the only one who can wink at the high cost of living and smile in the face of his grocery bill."

### RULES IN DISPLAYING STARS AND STRIPES

How to properly display the Stars and Stripes is fully explained in the flag code which is given herewith:

1. When the colors are being carried on parade or review the spectators, if walking should halt, if sitting rise, face towards it and uncover. If it is being carried, but not marching, the men should uncover when passing it.

2. If the flag is being displayed it should not be put out before sunrise and for no reason whatever be left out after sunset. This is probably the greatest and most common disrespect shown. Any school, public building, or store that leaves the flag displayed all night advertises a carelessness and disrespect that is inexcusable.

3. If the flag is being raised or lowered from a flagstaff, it must not be allowed to touch the ground. In any army post this is considered a military offense.

4. The flag should never be used in any advertisement. Nothing is allowed to be printed upon it.

5. It is permissible to drape the flag for decoration. However, it is absolutely forbidden to use it as a table or mantle cover.

6. It is against the law to allow a badly torn flag to be displayed, also when discarded it should be burned, never used for any other purpose.

7. At retreat or sunset when the colors are lowered to the national hymn, "The Star Spangled Banner," or the bugle call equivalent, all civilians should face toward the flag and uncover. If he fails to do this in a military post or camp he will probably be requested to do so.

8. There is only one national hymn of the United States and that is "The Star Spangled Banner." Whenever this hymn is played all people should rise and face toward the music. If it is out of doors, the men should uncover. Most people seem to be ignorant as to what to do when the national hymn is being played. Always rise and uncover and you will do the proper thing.

A Dallas county grand jury after three months' investigation reported to the court that "gasoline, gin and girls" are sending the young men of the county headlong to hades. Why should grand jurors be selected from survivors of the fossiliferous age?—Ft. Worth Record.

The Eagle's opinion of the above report as to "gasoline, gin and girls," is that it originated in the brain pan of some smart Alec, and that it is a travesty on the womanhood, and girlhood of Texas. Gasoline and gin are doubtless important factors in the wrong doing of the country, but we deny the charge as to the girls. Who are the gin drinkers and drivers of gasoline cars? Is it the girls? No. Everybody with a modicum of brains knows where the blame really belongs.

Government actively during the past few days clearly indicates a belief at Washington that German submarines are lurking somewhere in the western Atlantic and perhaps also on the Pacific side. The Eagle has believed this for some time and felt all along that the visits of the Deutschland and the mysterious Bremen had something to do with their coming and their outfitting. If war comes, we had just as well steel our nerves for the news of terrible tragedies at our very doors.

A certain Missouri editor steadfastly refused to publish obituary notices of people who did not take his paper. His position was that people who did not take the local paper were dead anyway and their passing was of neither consequence or news value.

### Had Trouble Four or Five Years

Many people suffer from bladder trouble when they can be quickly relieved. W. J. Murry, R. F. D. 2, Salem, Mo., writes: "I was bothered with bladder trouble four or five years. It gave me a great deal of pain. I took different medicines, but nothing did me any good until I got Foley Kidney Pills." For sale by M. H. James.

Some counsel this:

Eat less and breathe more.  
Talk less and think more.  
Ride less and walk more.  
Clothes less and bathe more.  
Worry less and work more.  
Waste less and give more.  
Preach less and practice more.

It may interest landlords to know that the Texas legislature passed a bill requiring that notice be filed with the county clerk when rents on buildings become more than three months in arrears. Cost of filling taxed to the landlord.

In these days of tense and suppressed feeling, every man should carefully guard his tongue. Our sympathies do not all lie in the same direction. Let's not wound each other's feelings.

If reports coming out of Mexico, relative to German activity across the border be true, then Texas is likely to see some real interesting times in the very near future. One million troops will be necessary for duty on the border and beyond. If it comes, it will never stop until the boundary line of the United States is extended far to the south and southwest.

If you can't preach or pray or sing you should attend the big meeting, anyhow. There are other ways in which you can make yourself useful—Waxahachie Light.

Sure. You might be a regular tongue-steer in the collection.

The higher courts have held that children cannot be kept out of school because they are not vaccinated. In other words, there is no such thing as compulsory vaccination.

The man who stays at home and takes part in food production and the production of other needed supplies, will play just as patriotic part as the man at the front.

Governor Ferguson seized his veto knife and swatted the "free pass" bill under the fifth rib "and the evening and morning were the first day and the Lord saw that it was good."

The faculty of the State University has sent a telegram to President Wilson pledging support in whatever steps may be taken at this critical moment.

The Shiro Advertiser across the river in Grimes County, has suspended publication. The town was evidently too small to support a paper.

The Mart Herald says in olden times to call a man a cabbage-head was to invite an immediate scrap. Now it's a decided compliment.

### Glad to Learn of It.

Coughs that follow La Grippe, or any deep-seated hacking cough, will wear down the strongest man or woman if allowed to continue; C. Smith, 1421 12th st., Augusta, Ga., writes: "I got one 25c bottle of Foley's Honey and Tar and my cough and cold is about well. I was glad to learn of a great medicine like that."

For sale by M. H. James.

### RECOVERED JEWELRY

Marshal Conlee Did Quick Work in Recovering Lost Diamonds

Sunday afternoon Mr. J. C. Stout, wife and daughter arrived in the city from Port Arthur enroute to Marlin by automobile. Immediately upon arrival they reported to City Marshal Conlee the loss from their car of a hand bag containing diamonds and other jewelry to the value of five thousand dollars. They said they last noticed the bag at Hempstead and knew it had been lost between that point and Bryan.

The Marshal questioned them as to cars passed going in the opposite direction and also as to cars that had passed them going in the same direction. Upon getting this information he immediately began phoning nearby officers, north and south, asking them to inquire of all passing cars in regards to the lost jewels and telling

them the owners had offered a reward of \$100 for the recovery. Before they had left the phone office, a message was received from Constable Sam Brown at Hearne stating that he had recovered from a passing car the bag with all the jewels intact. The bag had been found by the occupants of the car in the road between Bryan and Hempstead.

It was a clever piece of work on the part of Marshal Conlee and the owners were greatly rejoiced when informed that their property was safe and waiting for them at Hearne.

### LIFT YOUR CORNS OFF WITH FINGERS

Tells How to Loosen a Tender Corn or Callus So it Lifts Out Without Pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

### RAISED FIRST FLAG.

Brooks Stevenson, Jr., son of Mr. and Mrs. J. B. Stevenson of this city, and a student of Allen Academy, has shown his patriotism by erecting the first residence flag in the city. He had spent Saturday and this morning in making and erecting a nice flag pole, and at noon, assisted by the neighbors, "Old Glory" was run up to the mast head. As the silken folds of the stars and stripes fluttered in the soft southern breeze, every head was uncovered and the emblem of the greatest nation in all the world was given the national salute. It was a beautiful ceremony and the young man is to be commended for his patriotic spirit.

### President Talks Straight.

Washington, April 3.—President Wilson Monday night asked congress to declare a state of war existing between the United States and Germany. He also declares that a declaration that a state of war exists involves practical co-operation with the allies—declares specifically for universal training of American youth to fit them for a great army—Austria and others of the central powers are not included in the president's declaration. He also asked that an army of 500,000 men be raised at once.

Washington, April 3.—Immediately after the president left the capitol the senate and house reconvened and an identical joint resolution was introduced in both houses declaring the existence of a state of war as follows: "Joint resolution declaring that a state of war exists between the imperial German government and the government and people of the United States," and making provision to prosecute the same.

"Whereas, the recent acts of the imperial German government are acts of war against the government and people of the United States;

"Resolved, by the senate and house of representatives of the United States of America, in congress assembled, that the state of war between the United States of America and the imperial government of Germany which has thus been thrust upon the United States is hereby formally declared; and

"That the president be, and is hereby authorized and directed to take immediate steps not only to put the country in a thorough state of defense, but also to exert all of its power and employ all of its resources to carry on war against the imperial German government and to bring the conflict a successful termination."

The resolution was referred to the foreign affairs committees of both houses and adjournment until Tuesday followed soon after.

### EDUCATIONAL CAMPAIGN IN BRAZOS COUNTY

Rural schools, social centers, and school and community plays Monday, April 9th to Friday, April 13th

Messrs. Davis and Firth, specialists in rural education and community play, department of extension, university of Texas, and A. & M. College of Texas, respectively will speak at the following places during the week:

Monday, April 9th, 10:30 a. m. at Tabor.

Monday, April 9th, 3:30 p. m. at Macy.

Monday, April 9th, 7:30 p. m. at Edge.

Tuesday, April 10th, 10:30 a. m. at Kurten.

Tuesday, April 10th, 3:30 p. m. at Bowman.

Tuesday, April 10th, 3:30 p. m. at Bowman.

Tuesday, April 10th, 7:30 p. m. at Reliance.

Wednesday, April 10th, 10:30 a. m. at Steep Hollow.

Wednesday, April 11, 3:00 p. m. at Prospect.

Wednesday, April 11th, 7:30 p. m. at Harvey.

Thursday, April 12th, 10:30 a. m. at Shiloh.

Thursday, April 12th, 3:00 p. m. at Union Hill.

Thursday, April 12th, 7:30 p. m. at W. O. W. Hall, Riverside.

Friday, April 13th, 10:30 a. m. at Wellborn.

Friday, April 13th, 7:30 p. m. at Millican.

Messrs. Davis and Firth are College graduates and have had several years' experience in their respective lines of work. They come to us without any cost to any one in Brazos county, except the places where they go the community is expected to furnish them entertainment. To hear these gentlemen and to observe what they do will be a rare treat, as well as a great stimulus to the different communities where they will speak.

Tell your neighbors to come. Bring dinner and stay all day. It will do you good to renew acquaintances with your friends, and to watch the children play. Help make this week the biggest educational revival Brazos county has ever experienced. Boost your school by getting your patrons and young people to attend these meetings.

The teachers are requested to look after places of entertainment for the visitors.

At these different community meetings, let the schools in the adjacent districts meet with the school nearest to them in the above schedule. The children will please spread their lunches together on these days and have a happy "get together" meeting.

Respectfully, WM. L. POWERS.

Mrs. Simmer: "Your husband seems to be getting thinner every day." Mrs. Portleigh: "Yes, poor fellow! But I was getting so awfully stout we have to diet."—Boston Globe.

### A Word to Mothers.

There seems to be more than the usual number of children suffering from measles, whooping cough and other children's diseases this spring. Do not neglect any cold, for a cold weakens the system and makes a child more liable to attack of more serious ailments. Foley's Honey and Tar relieves coughs, colds and croup.

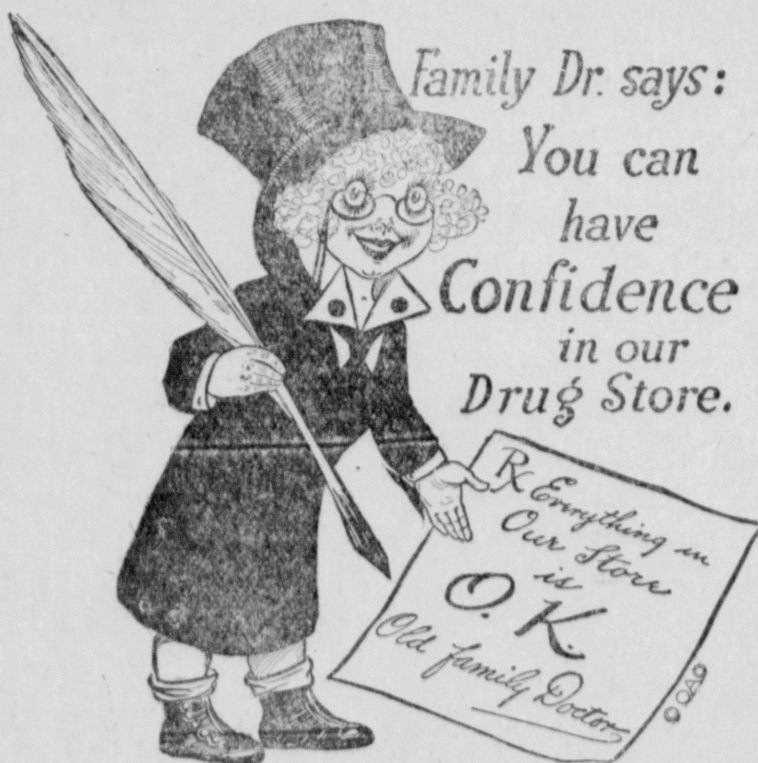

For sale by M. H. James.

Never Put a Croupy Child to Bed Without Giving a Dose of

Foley's Honey and Tar

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases the difficult breathing, then quiet sleep.

Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foleys Honey and Tar completely cured my boy of a very severe attack of croup. We know from experience that it is a wonderful remedy for coughs, colds, croup, whooping cough." For sale by M. H. James, Bryan, Texas.

WE DO NOT TRY TO GAIN THE CONFIDENCE OF OUR CUSTOMERS; WE ONLY "TAKE CARE" WITH EVERY PRESCRIPTION WE FILL AND WITH EVERYTHING WE SEND OUT OF OUR STORE. WE KNOW OUR BUSINESS AND ATTEND TO IT RIGHT, AND PEOPLE HAVE "GIVEN" US THEIR CONFIDENCE.

WE PRIZE HIGHLY THE "FAITH" THIS COMMUNITY HAS IN US; AND WE SHALL NOT ABUSE IT. WE SHALL KEEP RIGHT ON TREATING OUR CUSTOMERS RIGHT, AND DOING OUR WORK IN SUCH A WAY THAT IN OUR STORE YOU CAN "ALWAYS RELY" ON WHAT YOU BUY.

M. H. JAMES

For the stomach and bowel disorders of babies McGEE'S BABY ELIXIR is a remedy of genuine merit. It acts quickly, is pure, wholesome and pleasant to take. Price 25c and 50c bottle. Sold by all druggists.

## GRAND JURY REPORT.

The State of Texas, County of Brazos. In the District Court of Brazos County, March Term, A. D. 1917.

To the Honorable John Watson, Judge of said Court:

We, the grand jury, duly organized, sworn, empaneled and charged at the March term, A. D. 1917, of the district court of Brazos county, Texas, to inquire into and true presentment make of all infractions and alleged infractions of the penal laws of this state occurring within this county, having completed our labors, beg to make this our final report, as follows:

First—We have been in session ten days and have diligently and carefully investigated all violations and alleged violations of the penal laws of this state. We have examined many witnesses and have returned into court thirty true bills of indictments, twenty-two of which are of the grade of felony and eight of which are for misdemeanors.

Second—we have thoroughly inspected the jail and find the same in good sanitary condition and the inmates thereof receiving proper care, attention and treatment, for which we especially wish to commend the sheriff of our county, who has the control and management of the same.

Third—We desire to thank the district and county attorney for the faithful way in which they have performed their duties in connection with our work. We also desire to express our appreciation and sincere thanks to the sheriff and his faithful deputies for the prompt manner in which they have handled all work intrusted to them. We also feel that we should not adjourn without mentioning the careful and painstaking manner in which each of the bailiffs has discharged his duties.

Our duties having terminated, we here now make this our final report and beg the court to finally discharge us from further work.

Respectfully submitted,

C. C. MORGAN,  
Foreman of the Grand Jury.

SPANISH PEANUTS.

I have a large supply for planting. Sound and well picked. J. E. Covey, d70w29

## MAY BE MINING AMERICAN WATERS

Rio De Janeiro, March 31.—Another German raider, said to be the Sea Adder, operating like the Moewe, has reached the South Atlantic and has sent nine more merchantmen to the bottom.

Rio De Janeiro, March 31.—The French bark Cambonne, which has arrived here with 285 members of crews of vessels sunk by a German raider, reports she fell in with the raider March 7 in longitude 21 west and latitude 7 south. After the survivors of the sunken vessels were put on board the bark, she was ordered to proceed to the coast of Brazil, a voyage which took 22 days. The raider is said to have been loaded with mines. Among the refugees are two women, wives of captains of vessels sunk.

Raider May Be American Ship.

Dio Janeiro, March 31.—It is reported here the German raider is the captured American bark Pass of Balmasa. She was taken into Cuxhaven by a German prize crew in August, 1915.

## GERMANS ORGANIZING IN MEXICO

(By Associated Press.)

Laredo, April 2.—Arrivals here state that General Maximilian Klaus, a German-Mexican commander is recruiting a brigade of three thousand Germans preparing to force hostilities with the United States, in Chihuahua and Sonora.

## VILLA AND MURGIA ENTER A TRUCE

(By Associated Press.)

Juarez, April 2.—A truce has been arranged between Villa and Murgia according to a refugee arrival from Chihuahua. The refugee said Carlos Kettelsen, leading German resident of Chihuahua city made a proposal to Villa to cease his attack, urging Villa to wait until the United States declared war on Germany, when both factions would unite against the United States.

Daughter in Terrible Trouble.

A. Mitchell, Bagdad, Ky., writes: "My daughter was in terrible shape with kidney trouble. I got her to take Foley Kidney Pills and she is completely cured." Foley Kidney Pills strengthen weak, deranged kidneys; correct bladder troubles; stop rheumatic pains and backache; relieve sore muscles and stiff joints.

## SUNDAY SCHOOL MEETING OPENED

Training School for All Interested in Sunday School Work at Baptist Church

According to previous announcement the Sunday school institute or training school for Sunday school workers, opened at the First Baptist church in the city yesterday, and will continue up to and including Friday evening.

The state has been divided into twelve districts and this is what is known as the South Central District and extends from Groesbeck on the north to Houston and Galveston on the south. This is the initial session in this district.

Dr. Wm. P. Phillips of Dallas is in charge of the training school and will be assisted by Dr. W. S. Wiley of the Baptist Sunday school board, Muskogee, Okla.

Rev. B. Broome, pastor of the Baptist church at Franklin and Dr. D. R. Pevoto, superintendent of the Baptist sanitarium of Houston. The session of the institute will begin each afternoon at 5 o'clock and at 6 o'clock will be served at the church. Following the lunch another short session will be held and this will be followed by the lectures by prominent speakers.

From 10 to 10:45 each morning round table conferences will be held, at which there will be a general discussion of Sunday school methods.

Dr. Phillips spoke yesterday at the Baptist church at both morning and evening services, both discourses being along Sunday school lines, and the objects of the training school and the results expected to be accomplished.

One of the objects was a Sunday school or religious census of the city, and this work was done today. The city was divided into various small districts and last night these districts were placed in charge of volunteer workmen and the work was done today in a few hours. The census included the names of all the people of the city, church affiliation, age, whether or not they attend Sunday school, etc.

The first session opens at 5 o'clock this afternoon and all the people of the city, regardless of denomination, are cordially invited to attend not only the opening session, but all the sessions of the week.

### DISTRICT COURT.

District court convened this morning at 9 o'clock and empaneled the following jury: Geo. C. Royder, W. E. Gandy, E. U. Peters, J. C. Griffith, T. L. Tobias, Roland Crenshaw, F. W. Locke, H. C. Beard, J. Q. Lewis, T. C. Elliott, Rube McDonald, Albert Higgs, Wilson Bradley, W. D. Colson, E. J. Fountain, A. D. Locke, T. A. Adams, Jesse Bullock, Rube Brogdon, W. F. Gibbs, C. G. Walker.

The case of Earl Evans, colored, charged with criminal assault, was the only case to come up this morning. Evans was declared a juvenile and the charge dismissed. The court adjourned until tomorrow morning at 9 o'clock.

FOR SALE—Slightly used Overland 1916 model. See me for particulars. J. J. Holik, Route 5, Bryan. 28pd

## MRS. JOHN O'CONNOR GAINS EIGHT POUNDS

Suffered from Stomach Trouble and Catarrh Five or Six Years—Regains Health Taking Tanlac

Mrs. Jno. O'Connor, who lives at 338 East Oldham street, Knoxville, Tenn., called up the Kuhlman-Chambliss Drug Co., recently and said she wanted to speak to the "Tanlac" man. When Mr. Willis answered the telephone, Mrs. O'Connor made the following remarkable statement:

"I just wanted you to know, and everybody else to know, what that Tanlac medicine has done for me. Why, I have gained eight pounds already, and have only been taking it for ten days. I have just finished taking the first bottle and have sent Mr. O'Connor back to the store this morning for another bottle. This Tanlac certainly does just what you say it will do. I began to eat better, sleep better and feel better from the very first dose, and the change in my condition has just been wonderful. I had a good doctor my case, and his medicine did not seem to do me any good, so I just set it aside and quit using it."

"For the past five or six years I have been in a run-down condition—nervous, weak and at times very dizzy. I had nervous headache and indigestion perfectly awful. My stomach was so weak I couldn't digest the lightest kind of food. I was nervous and depressed and slept very little. I had become so despondent over my condition I thought nothing could help me. It certainly was lucky for me when I heard of Tanlac. It is not like any other medicine I have tried. It seems to soothe my stomach, and is a fine tonic, too, because my appetite is good now, and I digest what I eat. If any one had told me there was a medicine on earth that would make me gain eight pounds in

ten days, I would have thought them crazy."

"I don't believe there is another medicine on earth like Tanlac. My catarrh is also a great deal better—in fact, I hardly notice it any more." Tanlac, the wonderful medicine that accomplished such remarkable results in Mrs. O'Connor's case, sold in Bryan by N. A. Stewart and in Wellborn by J. P. Royden.

### NEW GIN FOR BRYAN.

H. B. McDowell Installing New and Modern Plant.

Bryan is to have another new and modern gin outfit which will be ready for business when the ginning season opens this fall. H. B. McDowell, an experienced gin man has leased the old Dunlap gin property from R. W. Howell, and is now engaged in tearing down the old building. A new building designed to meet every requirement of a modern gin will be erected in its stead. The new outfit will consist of five 70-saw Gullett Double Huller gins, condensers, presses, air lifts and other machinery and equipment to make it a modern plant in every particular. Work on the new plant is now under way and will be pushed to completion.

### T. P. Tatum Dead.

Relatives in this city have been advised of the death of Mr. T. P. Tatum of Oakdale, Texas, on last Friday. Mr. Tatum was a railway conductor and went out on his run Friday morning in his usual health and while on duty was stricken with apoplexy and died within an hour. He was buried at Kirbyville on Friday. Mr. Tatum formerly worked for the Houston and Texas Central and had many friends in this city. He was married here, his wife being Miss Lauretta Willis.

FIESTA SAN JACINTO, SAN ANTONIO, APRIL 15-21. BATTLE OF FLOWERS, FRIDAY, APRIL 20. TEXAS' BEST ATTRACTION. Very low popular rate excursions via I. & G. N. Season tickets on sale daily. See I. & G. N. ticket agent. Parks, parades, patriotism, music, mirth and missions.

### STOCK SHIPMENTS.

Shipments of live stock made to Fort Worth today do not indicate a shortage of meat supply in this section. J. W. Hunnicutt shipped two cars of hogs and J. W. Hicks and John Nicol shipped a car of cattle from this city. Both shipments went to the Fort Worth market.

FOR SALE—Moline cultivator, riding or walking. Price \$20. Write Otto Forsthoef, R. F. D. 6, Bryan. w49pd

## TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Cannot Salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

### Big Cattle Deal.

Mr. Wendorf of Caldwell, a butcher and cattleman, was here today and bought from Dr. R. H. Harrison sixty-three head of cattle. The cattle were driven through the country to Caldwell.

### Teachers' Examination.

The first teachers' examination of the year will be held in the county court room at court house, Friday and Saturday, April 6 and 7.
